

6. anglická (začiatočnícka/pokročilá) – riešenie

Nápoveda Z1: We hope you don't get stuck here with your ALL-STAR team.

Nápoveda Z2: Once every shape has a word assigned to every letter, reading the solution should be easy.

Nápoveda P: rovnaké ako Z1

Postup riešenia: Each line in the text above the shapes describes a word. The number of letters is the same as the number of words in the description. Words are sorted alphabetically. Each new word forms a phrase with one of the shapes – e.g. Bermuda triangle. Each shape has exactly one word assigned to each marking letter, sorted alphabetically again. The text below picks a letter from words assigned to marking letters. Read them and create the final word.

Heslo: PLANE

Riešenie: Každý popis určuje jedno slovo, ktorého počet písmen je rovnaký ako počet slov v popise. Jednotlivé popisy sú zoradené abecedne. Platí, že z každého popisu dostaneme slovo, ktoré s jedným z útvarov (triangle, square, star, circle) tvorí v angličtine zaužívanú frázu. Z jednotlivých popisov dostávame:

- area with ice around North Pole – **ARCTIC** CIRCLE
- body part containing spine – CIRCLE **BACK**
- Caribbean colony under British influence, also shorts – **BERMUDA** TRIANGLE
- harvested plants, to shorten – **CROP** CIRCLE
- according to the rules – **FAIR** & SQUARE
- animal living in water – STAR**FISH**
- like vegetable, but more sugar – STAR**FRUIT**
- containing everything it can – **FULL** CIRCLE
- towards centre, opposite of outer – **INNER** CIRCLE
- official language in Roman Empire – **LATIN** SQUARE
- emotion opposite to hate – **LOVE** TRIANGLE
- food, consisting of dishes – SQUARE **MEAL**

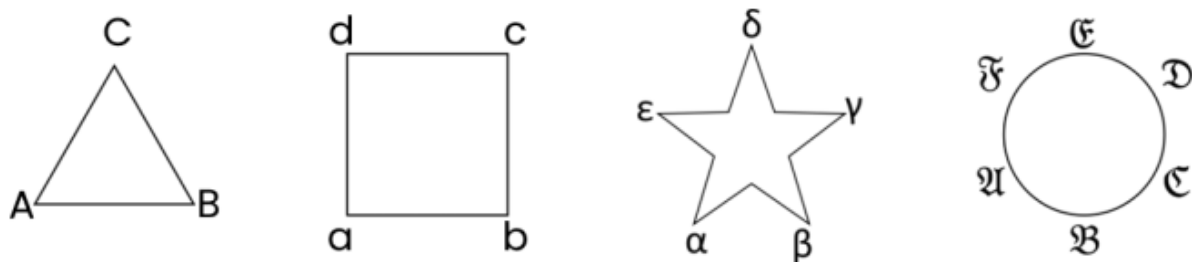

6. anglická (začiatočnícka/pokročilá) – riešenie

- the brand with a character made of tyres – **MICHELIN** STAR
- compass direction with positive latitude – **NORTH** STAR
- underground part of plant – SQUARE **ROOT**
- adjective related to meeting other people – **SOCIAL** CIRCLE
- information given to prevent possible future problems – **WARNING** TRIANGLE
- conflicts of opposing armies – STAR **WARS**

Platí, že:

- Triangle sa vyskytol 3-krát: BERMUDA, LOVE, WARNING
- Square sa vyskytol 4-krát: FAIR, LATIN, MEAL, ROOT
- Star sa vyskytla 5-krát: FISH, FRUIT, MICHELIN, NORTH, WARS
- Circle sa vyskytol 6-krát: ARCTIC, BACK, CROP, FULL, INNER, SOCIAL

Slová teda vieme priradiť vrcholom jednotlivých útvarov, vždy v abecednom poradí (napr. A je BERMUDA, B je LOVE a C je WARNING).

V poslednom kroku iba vyberieme z každého slova písmeno podľa vyznačenej tajničky:

a1-b1-C2-b3: **FAIR, LATIN, WARNING, LATIN**

ѳ1-Ѳ2-d1-α1-ε2-Ѳ3-Ѳ4: **SOCIAL, FULL, ROOT, FISH, WARS, BACK, INNER**

γ3-Ѳ2-ѳ1-β1-δ4: **MICHELIN, CROP, ARCTIC, FRUIT, NORTH**

ѳ4-α4-a2-d4: **ARCTIC, FISH, FAIR, ROOT**

Ѳ1-B1-ѳ4-c2-α3: **FULL, LOVE, SOCIAL, MEAL, FISH**

Tajnička znie: FLAT SURFACE, CRAFT THAT FLIES. Správna odpoveď je PLANE.
